

What is Triplt Pro?

Triplt is a phone app that allows travelers to keep track of all their travel itineraries in one place. PPPL provides all our users with the upgraded version of Triplt, Triplt Pro, which provides real-time flight information about cancellations and changes. To learn more about the app, as well as connect your Concur account to Triplt Pro, follow the steps below.

1. Log in to your Concur account, and **click** on the *App Center* tab.

2. Select *Triplt* from the list of **Popular Connections**. If you don't see Triplt listed, search for it using the search bar.

3. You should now be on the Triplt app page. From here you can connect your Concur account with your Triplt app on your phone, or look up more information about Triplt using the links provided.
